

Our town

The Movers go into the busy town centre. The market arrived yesterday and will stay until tomorrow. It's a great place to buy some fresh vegetables for a healthy salad. Opposite the market there is a library. If you go out of the town square you will find ice creams near the library. There's always lots to see and do in town. It's never boring.

Let's talk!

- What could you eat for lunch in the town centre?
- Where could you go after lunch?
- What is the address of the town's bank?
- Which do you like to visit best, a shopping centre or a sports centre? Why?
